MORE LEGISLATION.

Commerce Commission Points Out Requirements to Congress.

Washington, Dec. 22.—In its twenty-fourth annual report submitted to congress, the Interstate commerce commission gives particular prominence to the consideration of the eastern and western freight rate cases which are now pending before the commission. The cases have been assigned for argument on January 9, 1911, and succeeding days.

Immediately following the passage of the Mann-Belknap law the commission began to exercise the most far-reaching power conferred upon it, the authority to suspend proposed advances in rates pending investigation. In the first half of 1910 numerous carriers had given notice of general advances in rates. As a result of conferences between the government and the carriers, the dates of the proposed advances were suspended pending the enactment of the law. Thereupon two general investigations were instituted, one relating to the general advances proposed by eastern and the other those proposed by western carriers. Every effort has been made to expedite the proceedings. A stupendous record is now before the commission. The tariffs have been suspended until February 1, 1911.

Since the last annual report the commission has announced decisions in 692 proceedings and 125 cases have been disposed of. Thus 817 cases were removed from the commission's docket. Within the year 680 complaints were filed and 11 proceedings were instituted by the commission. In addition, 25 proceedings involving suspension of tariffs, were instituted.

Uniform Classification.
Special reference is made to the work of the commission for the establishment of a uniform freight classification. Practically all of the rules and regulations of separate classifications have been reviewed, revised and unified.

The carriers, the report says, are making a sincere effort to harmonize the conflicting features of the various classifications, but it will be necessary to apply the stimulus of requirement unless satisfactory results are obtained soon.

Since December 1, 1909, 44 indictments for criminal violations of the

act to regulate commerce have been returned. Forty-three prosecutions have been concluded since then, and 31 pleas of guilty were received. The aggregate of penalties assessed was \$65,000.

Two verdicts of acquittal were rendered. Of the 44 indictments returned within the year, 25 were against carriers and 19 against shippers or passengers. Of the 43 prosecutions concluded, 21 were against carriers and 22 against shippers or passengers.

The fight against discrimination is by no means won, says the report. "practices still remaining which are more insidious and more difficult of extirpation than open rebating, by reason of the fact that they are hidden in contractual arrangements entirely legal except for the effect produced. To speak generally, these arrangements depend for their vice upon some unification of shipper and carrier, by which shippers secure an interest in carriers' profits."

A part of the report is devoted to a consideration of certain suits, notably the coal car distribution case, the Burnham-Hanna-Munger case, the Portland gateway case, the Omaha street railway case and various others. Most of these have been decided by the higher courts in favor of the commission.

Wire Companies.
By the act of June 18, 1910, telegraph and telephone companies doing an interstate business were placed under the jurisdiction of the commission. Steps have already been taken for the formulation of a system of operating tariffs, and it is expected that this system will become effective July 1, 1911.

Concerning the application of the law as to telegraph and telephone companies, the report says: "There are from 25,000 to 30,000 telephone companies which make provision for interstate communication, and the commission is in doubt as to whether it is the intent of the congress to place all these companies under its supervision and control. No opinion is expressed at this time as to the administrative interpretation which should be placed upon the law in this regard."

The wisdom and urgent need of proper legislation for the control of railway capitalization are urged upon congress. Adequate provision for the valuation of railway property is pointed out as absolutely necessary. Inquiry into railway accidents within the year ended June 30, 1910, shows that the number of passengers killed in train accidents was 227, as compared with 131 the previous year. The number of employees killed in

coupling accidents increased from 161 in 1909 to 207 in 1910, or 22 per cent. It is pointed out that, notwithstanding the increase in casualties, a marked improvement is noted in the practices of railroads in guarding against violations of the safety appliance law. An alarming number of accidents occurred to employees of railroads who fell from cars. From this cause there were 589 deaths and 13,244 injuries.

AGAINST MRS. FIELD.

Supreme Court Rules Inheritance Tax Against Prenuptial Contract.

Chicago, Dec. 22.—Mrs. Marshall Field must pay an inheritance tax of \$10,000 upon the \$1,000,000 she received as a prenuptial settlement from the late Marshall Field.

By a decision of the state supreme court wealth thus given in the life of the giver is held not to be exempt from the inheritance tax. Inheritance Tax Attorney Walter K. Lincoln Lincoln brought the suit.

"This is the only instance in the United States where the property included in a prenuptial contract has been taxed," said Attorney Lincoln. "The supreme court has reversed the findings of the New York court of appeals, which exempted such property. The Cook county court also reversed."

MRS. McCARTER'S CARD.

"The Prayer of the Folks" Printed for Friends of the Author.

Mrs. Margaret Hill McCarter has sent a neat Christmas card to her friends on which is printed an original poem appropriate to the season. The poem is entitled "The Prayer of the Folks" follows:

Not with fame's laurel wreath, nor with Scepter of Power,
Standing here at Thy altar, Thy blessing
Heart-hungry, and humble, at this Yuletide hour,
Dear Lord, we are only just folks.

To the work of Thy hand, in the strength of our day,
We are giving in blindness our sturdiest strokes;
And in giving and erring, we build as we may
For Peace and Goodwill to the folks.

When the dawn of Eternity's Christmas-tide
On the broad lands of the heaven Thy blessing invokes,
Lord, pity us all in earth-wide ways,
And gather in all the folks.

TRUST CASES NEXT MONTH.

Also Corporation Tax Hearing Is on the Docket.

Washington, Dec. 22.—Solicitor General Lehman is familiarizing himself with his new office by working sixteen hours a day, most of the time being devoted to preparation of his argument on the corporation tax case before the supreme court in January.

While the tax cases are set for January 3, the calculations of the calendar experts in the department of justice are that they will not be reported before January 16.

Both the Standard Oil and Tobacco cases will be heard first. A new brief will be filed in the Tobacco case. It has been prepared by James C. McReynolds, special counsel for the government.

Jewelry Engraved

Free and First Class

Engraving enhances the value and increases the beauty of jewelry more than any one thing.

Engraving initials or monograms makes the gifts exclusive and still more appreciated by the recipient.

Then consider the engraving when you buy that gift. We have an expert engraver whose services are at your bidding. The most difficult cutting will be done carefully and accurately done.

You will not be ashamed of the Morehouse jewelry or engraving.

Some Gifts Which May Be Engraved

Locketts	Knives and Forks	Card Cases	Silver Manicure Sets

Blair, Mr. and Mrs. Vernon Simpson of Carbonate, Mr. Earl Blair of Argentine, Mr. Charles Blair of Argentine, Mrs. Barhaat of Iowa and their nine grandchildren.

MILLION RED CROSS SEALS
Dispensed by One Slot Machine in New York Postoffice.

New York, Dec. 22.—The best salesman of Red Cross Christmas seals in the United States is a nickel in the slot machine in the Madison Square postoffice here. Up to date the little machine has disposed of over a million seals.

Salina Wants Commission Form.
Salina, Kan., Dec. 22.—Petitions asking the mayor and city council to call a special election to vote on the adoption of commission form of government are being circulated. Remonstrances also are at the same places and all voters are being urged to sign one or the other. It is believed the new government will be adopted.

KEEP YOUR HEAD UNCOVERED

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalp of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c in stamps for sample.
